## The Program

### Our Community Care Program

- Provides comprehensive and coordinated in-home support services, with a focus on wellness, reablement and restorative care for the frail, aged and people living with a disability.
- Supports our consumers to be more independent at home and in the community, enhancing quality of life to prevent inappropriate admission to long term residential care.

All Services are provided under the Commonwealth Home Support Program, Home Care Packages Level 1 to 4, Queensland Community Support Scheme and Disability Services.
