Home **Security** Safety Upgrades

You
matter

The Program

The Home Security Safety Upgrades program helps people experiencing domestic and family violence remain safely in their homes through enhancing their home security.

Clients are able to remain close to their families and other support networks including workplaces, schools and child care. People who've been granted a Domestic Violence Protection Order (DVPO) with an ouster condition may be eligible to participate in this service.

What you will receive

The Home Security Safety Upgrade program includes:

- A safety risk assessment
- Development of safety plan
- A safety audit on your home and collaboration with other service providers to implement safety measures (if eligible)
- Crisis counselling
- Referral to appropriate services
- Assistance with domestic & family violence
- 'Protection Order Application' or assistance with an 'Application to Vary a Domestic Violence Order'
- Court support
- Knowledge and understanding of the relevant legislation and court processes.
- Liaison with The Department of Housing and other local housing agents or landlords
- Assistance with short-term temporary accommodation for the respondents to reduce the risk of further crisis.

Issue to Consider

- Will you feel safe at your location?
- Can you afford the cost of your rent/mortgage?
- Who owns the home/unit?
- How close is your child's school and supports?
- Will there be a Family Law settlement?

Creating a safe and caring environment for **every family**

Please note: we are unable to upgrade or repair your premises. While we will support you in improving your safety at home, the Home Security Safety Upgrades Program cannot guarantee your absolute safety.

Queensland
Government

Australian Government

This program is funded by the Queensland Government and the Federal Government

What if I change my mind about my participation?

You can change your mind at any time throughout the safety upgrade process. Simply notify your CatholicCare case worker of your decision.
